ADVERTISING AND HUMOR

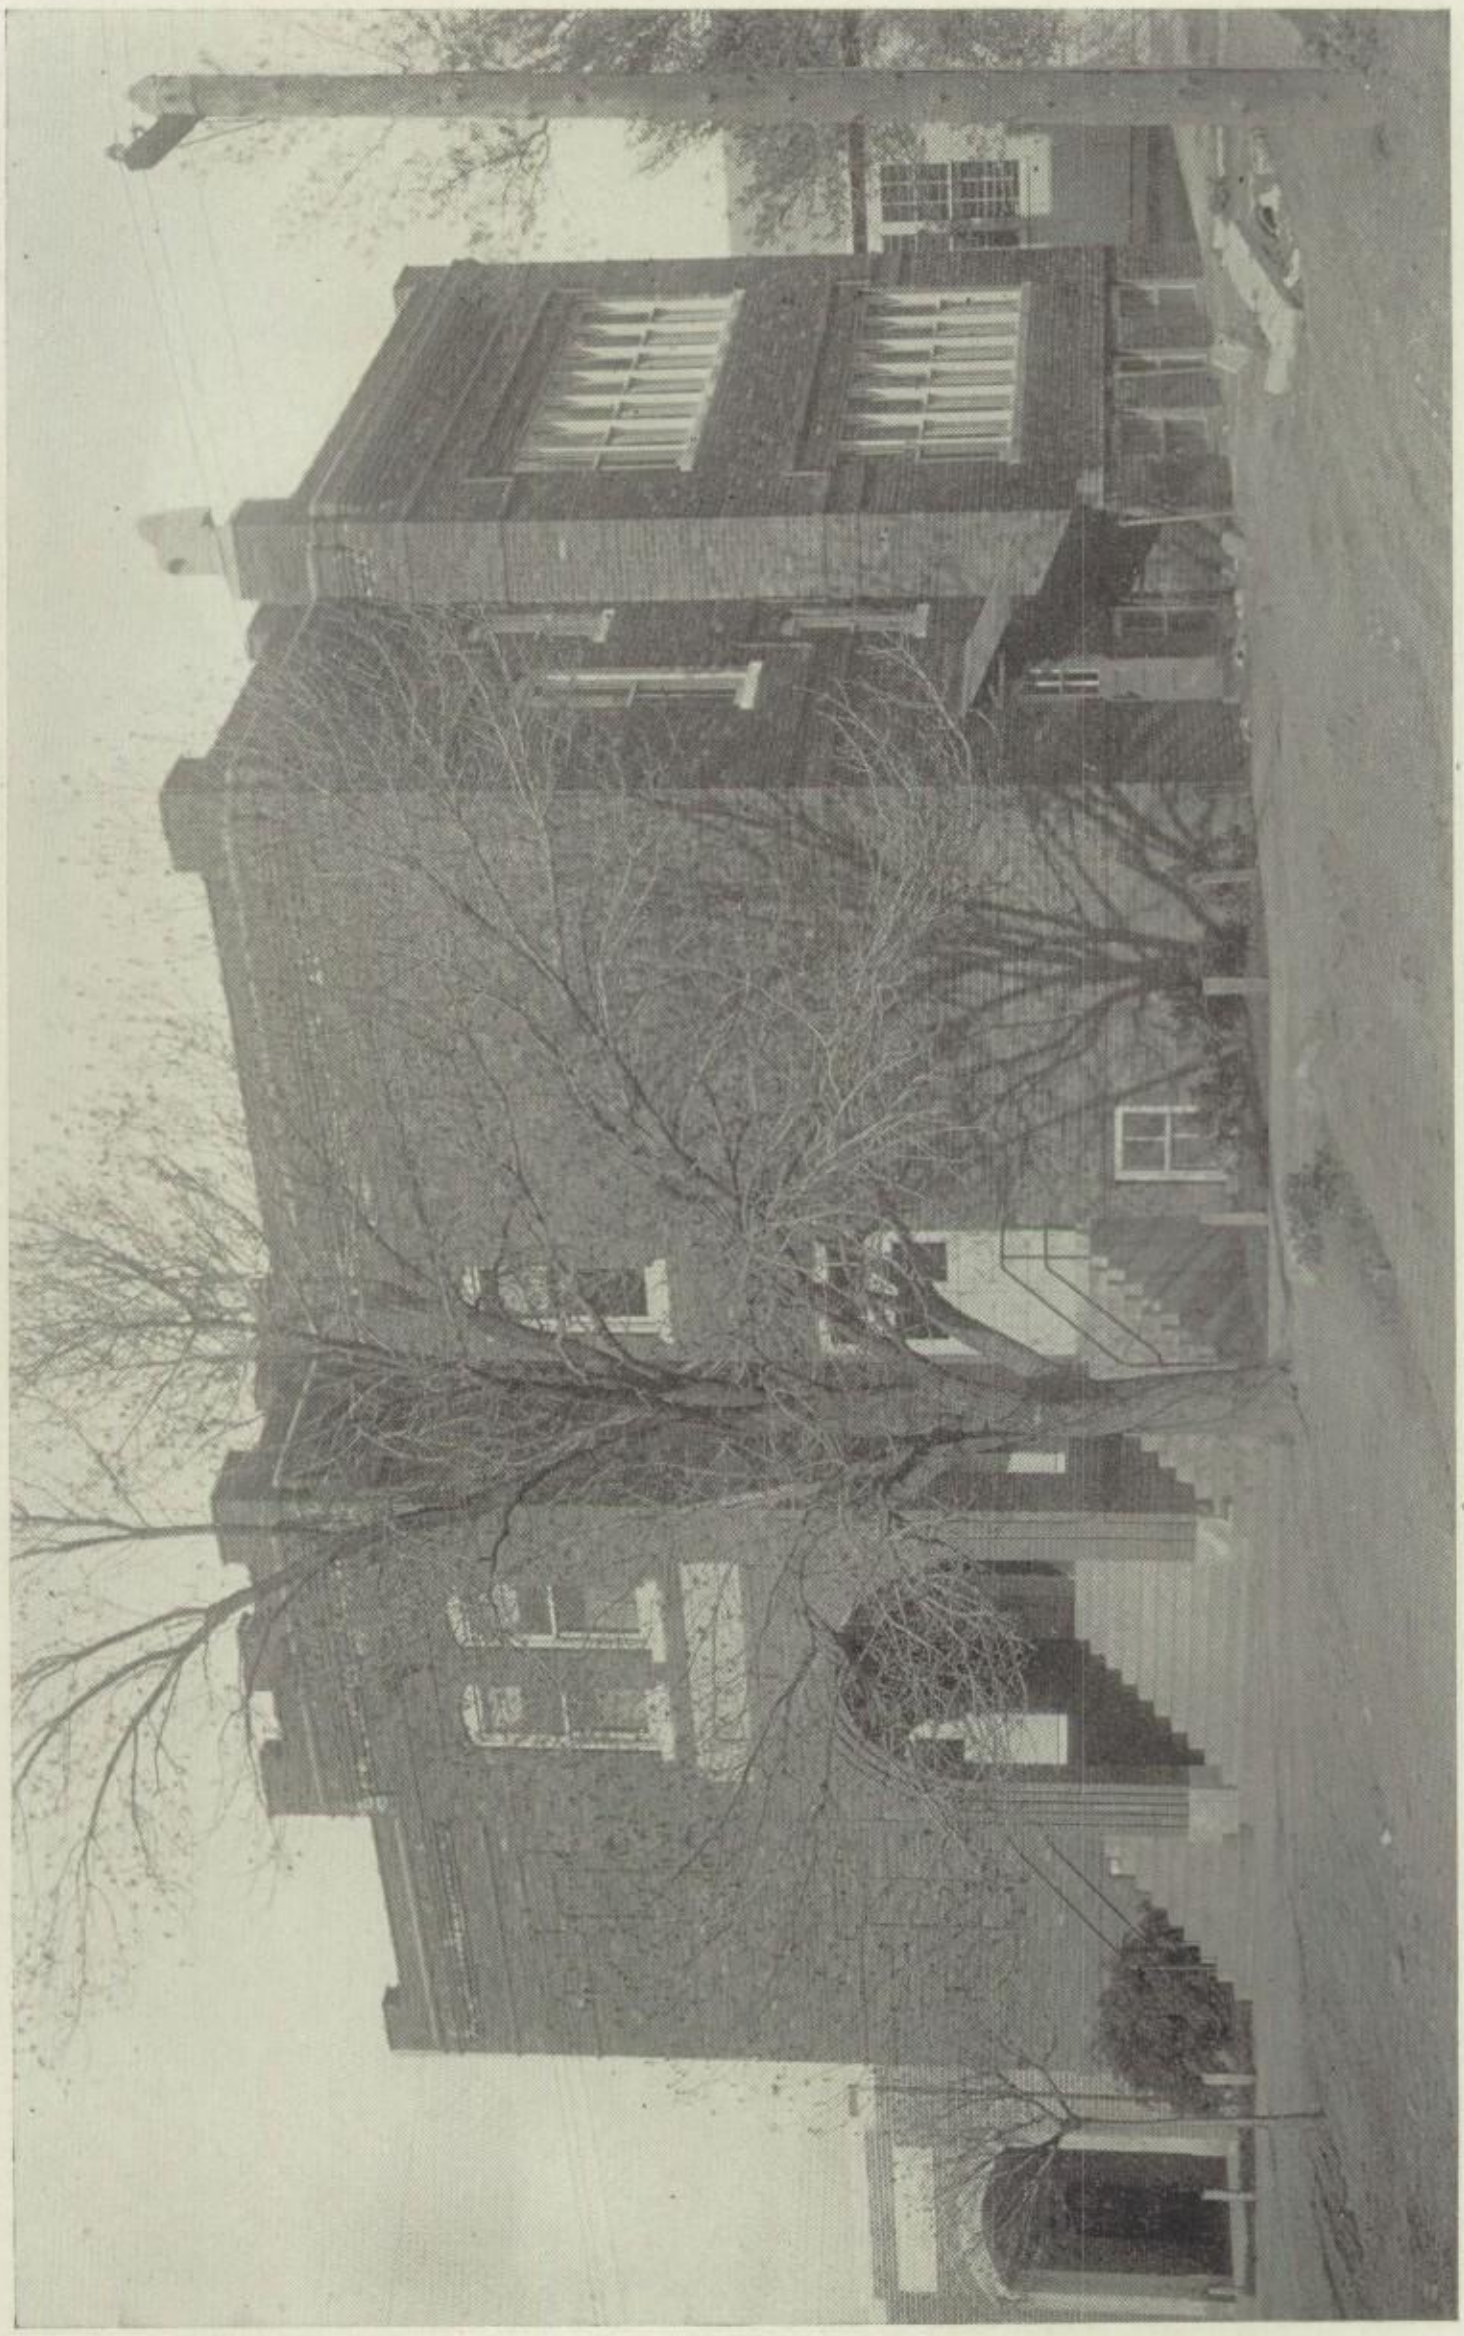
Spirit of Our School

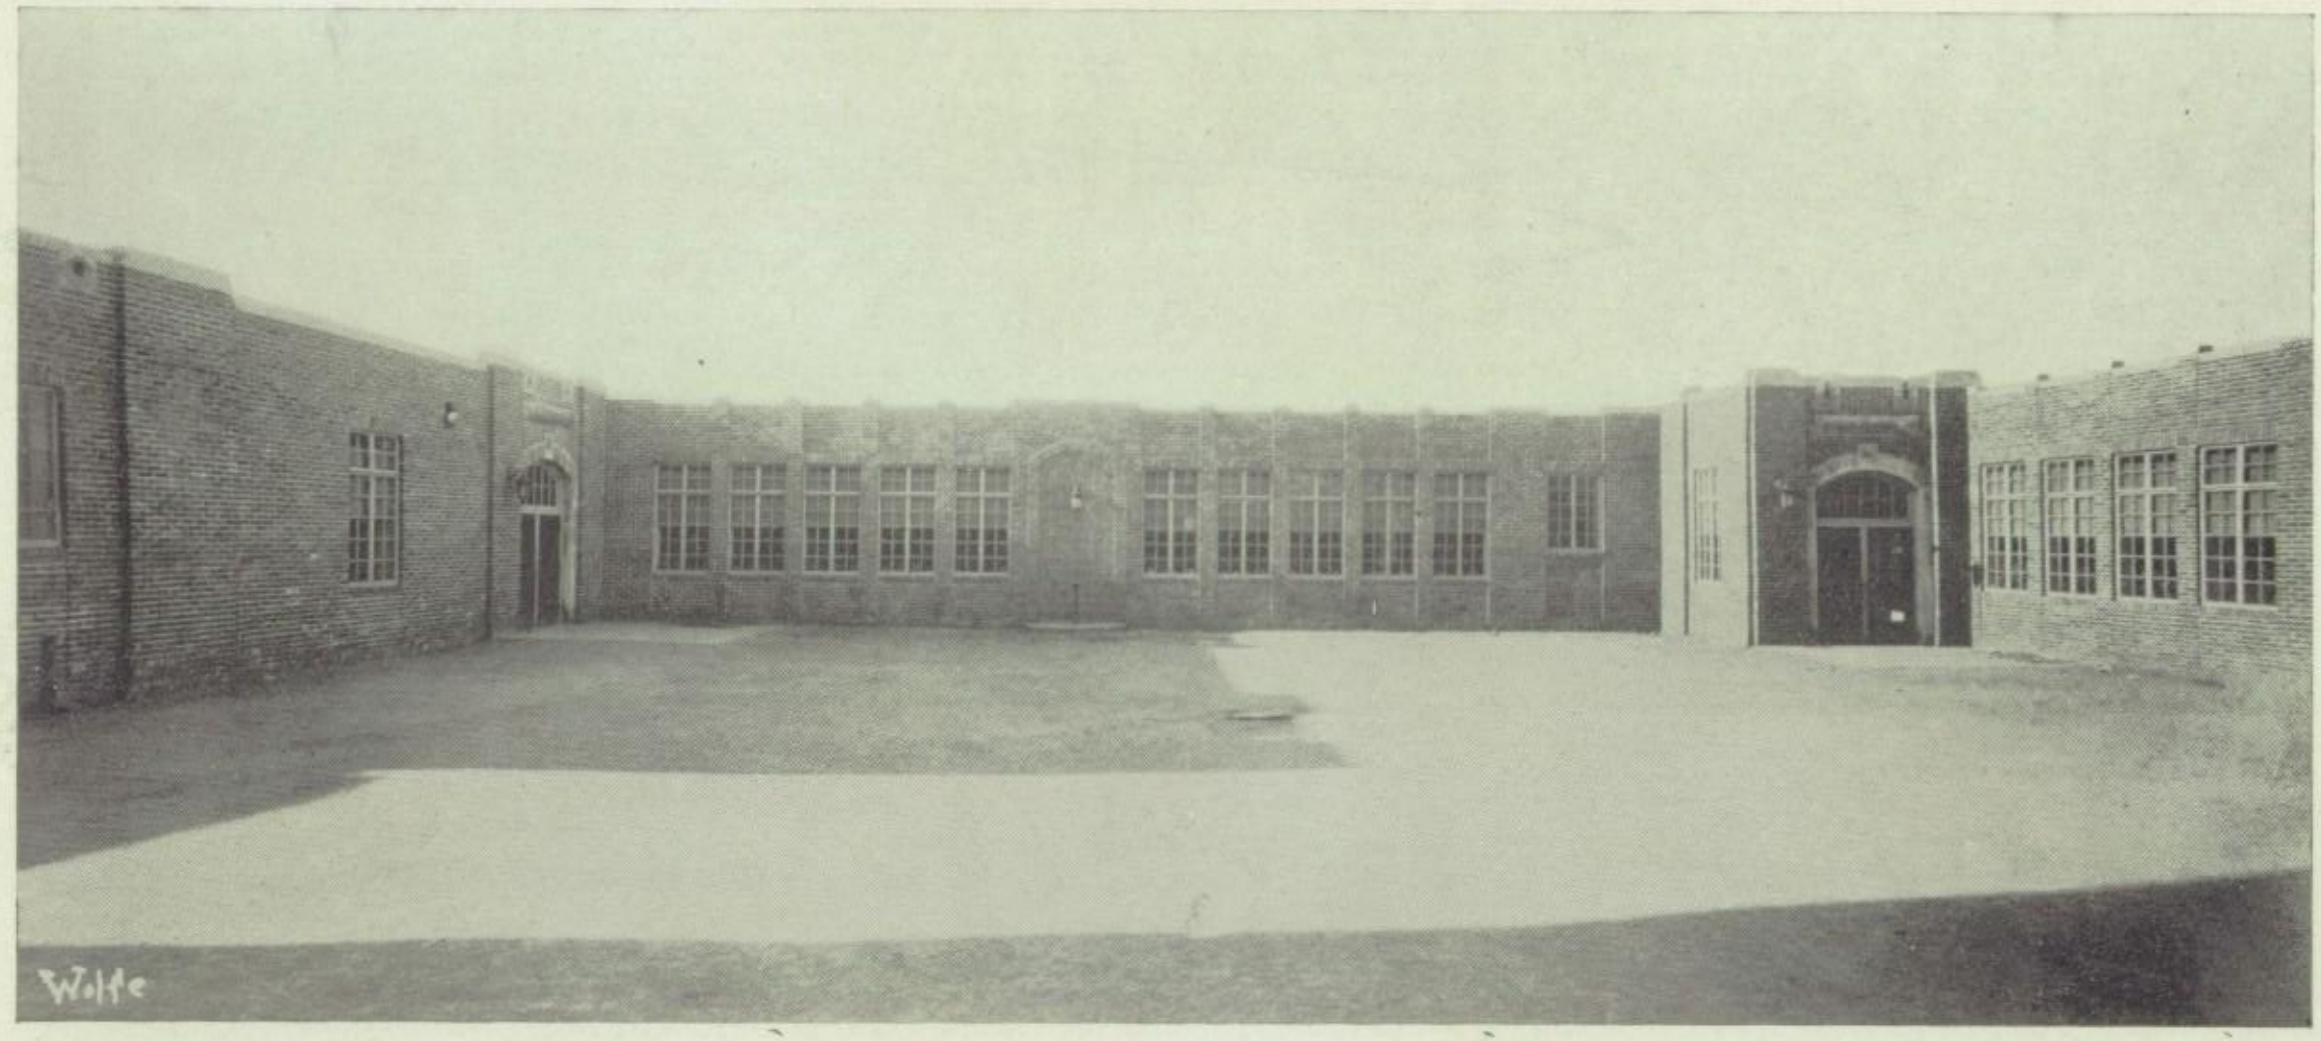
A few miles from the city of Topeka there is a community called Highland Park. It is a prosperous and co-operative community and is always endeavoring to advance to a higher level in all things.

The main means of advancement is, of course, in the school. Our school seems to be like all other schools, but it is not. Perhaps it is the background, perhaps the willingness of the people, that has helped influence our school to be different. But above all it is the spirit of the school and the people of the community that have made our school an outstanding one.

The element of advancement, the ideal of a higher goal ahead of us has spurred us, the students and teachers alike, to work with a will, to gain and give usable knowledge, to be worthy of our trust, and above all to guide ourselves in such a way as to make men and women who shall be strong mentally, morally and spiritually.

SOPHIA SHAPIRO.





Wolfe

Board of Education

Much of the success of the school organization has been due to the Board of Directors. During the past year Highland Park has been very fortunate in the Board which conducted her schools. By putting their experience as business men into their work as Directors they have made the school a business institution.

C. P. Buck completed his sixth year as Director; J. E. Griest his second year as Treasurer, and A. T. Cross his first year as Clerk. Board meetings were held regularly each month with additional meetings when special problems needed attention. In these meetings the work of the schools during the month was carefully reviewed, bills audited and the general policy of the school discussed with the superintendent. The policies of the school have at all times been outlind by the Board of Directors. The superintendent and faculty were then held responsible for carrying the same into effect.

The spirit of unity and good will which prevailed among members of the Board has meant much to the success of the school. On April 13, Mr. Buck completed his second term as Director and Mr. Ben H. Abels was elected to fill the place.

C. P. BUCK

During the past six years Mr. Buck has given a large amount of time, thought and energy to the building of a real school in Highland Park. His idealism and activity is well reflected in the fine school system which Highland Park has at this time.

Mr. Buck is a builder in the truest sense of the word and as the years pass we shall look back to the splendid work which he did in helping lay a solid foundation for the Highland Park Schools.

The gratitude and good will of the faculty, students and patrons go with him as he withdraws from the Board of Directors.

LLOYD H. MOSSER

Superintendent of Highland Park Schools

Beloit College

A. B., University of Kansas

Washburn College

University of Chicago

Mr. Mosser came to Highland Park Schools three years ago from the Topeka High School. During these three years he has worked to place Highland Park among the best schools in the state of Kansas.

The grade school has reached a Superior rating and the High School is ranked well up in the list of high schools by the State Inspector.

Mr. Mosser brought to the Highland Park School system his experience of thirteen years in the school systems of Topeka, Winfield, Newton and Horton. During this time he has been active in all phases of school activities.

The Highlander Staff

At the close of the first semester, our staff was chosen by the editor, business manager and faculty advisors. Meetings were begun soon after the selection of the members. Special writeups were assigned to each member. Our humor editor, Buell Beadle, left us before the Highlander was completed, but he had done a great deal to make our Annual a big success.

The Student Council

The Student Council is composed of the presidents and one representative from each class. Jessie Hassebroek is the chairman. Clifford Woodley, vice-chairman and Warren Boast, secretary.

The group meets Wednesday mornings with Mr. Mosser, their faculty advisor; the chief purpose is to work out the school problems. It appoints the committees for the all school functions such as: Football and Basket Ball Banquets, the Christmas party and the picnic at the close of school. The clean-up day for the school grounds and the advertising and selling of tickets for the Football games were also arranged by the Council.

The members are:

Warren Boast
Clifford Woodley
Opal Johnson
James Kneisler
Jessie Hassebroek
Esther Chubb
Harold Sims

FAMILY

The elements constituting this important family belong to the Highland group. They exhibit many variable conditions but so far their main constituent is the power of retention.

HISTORY

The element, Freshman, was discovered September, 1921 A. D. by the faculty who had been searching long for the unknown element. Owing to peculiar properties of this element it was given, and ever since as Sophomores, Juniors, and Seniors has held a preeminent place.

OCCURRENCE

The element, Senior, is never found in a free state but always with another of the Highland group, and most abundantly in the halls, but by a newly discovered process of extraction by the great alchemist, Superintendent Mosser it is readily changed into the out-of-doors where it undergoes a cooling process.

PREPARATION

Seniors are obtained by a grilling and grinding process which in itself is very slow. It has taken four years to prepare it for the Highland Alumni. The crude element came from the Highland Grade School, and various country schools and when in a partially refined state, Juniors, some other partially refined elements were added from the Oakland High School. Then we had the action (8 years grade school plus 4 years H. S. equals—Highland Senior).

PROPERTIES

The properties of this element are many and numerous, sapiens in mente, Heavy and Light, Pretty and Ugly, Fat and Slim, Quick and Sluggish, etc.

CONDUCT

When exposed to Superintendent Mosser's assistant chemists in class room this element (Seniors) gives off sometimes very slowly, again rapidly that which it is supposed to possess, viz. Knowledge—Power of absorption has been completed.

USES

This element has had various uses in Basket Ball, Glee Clubs, Orchestra, Controlling and directing Freshmen, giggling, furnishing fun and enthusiasm for all school activities and always has been found dependable. As if occurs in the World's activities, we all know it will rank high among the world's great discoveries.

Sims Thompson

SIMS THOMPSON *"Thompson"*

"I know what others may never know."

Football 3-4; Hi-Y 4; El Ateneo Club 4; Orchestra 4; Booster Club 4; Glee Club 4.

Class Prophesy

Washington, D. C.
May 25, 1938.

My dear Mr. Mosser:

To fulfill the promise made ten years ago, I am sending you the information concerning the class of '28.

Highland Park has grown until it is now the popular Southeast Topeka High School with an attendance of a thousand students.

Since we left on May 25, 1928, each one of us have thought of that wise counsel of yours and the faculty. It has lightened many a dark hour for us. In giving you the promised information I will start with the one nearest me. Karl Root, Secretary of Education, has been dangerously ill but is improving. At present I am employed as his private nurse and have watchd him anxiously for some weeks.

Today his pal, Garfield Richard, visited him, in fact, has just resumed his journey over the country. He is employed by the McClure Newspaper Syndicate as space man.

Perhaps you wonder who attends Secretary Root's affairs while he is indisposed. His private secretary, Emma Eberhart is exceedingly competent in this capacity.

While in Kansas, Mr. Richard visited Zella Roller, who is now a well known florist. Her sister, Irene, is manager at the general office of the Remington Rand Business Service Company of New York City. Irene's assistant, "Jeff", is better known as Mildred Petty.

Martha Mills, who tired of the task of kindergarten teacher, is now applying her knowledge upon one of her own.

Sylvia and Vern also have a happy home. Vern is manager of the Engineering Department of the Santa Fe Shops, Topeka. And during her spare time, Sylvia trains lion cubs for the movies.

Mars can now be reached by areoplane, Wesley Taylor is perfecting a device whereby conversation may be made possible between the earth and that planet.

Warren Boast by this time is a successful electrical engineer.

Jessie Bell Hassebroek is studying music at the Parisian Conservatory of Music, Paris, France. In her spare moments she instructed the feminine overweights in the art of losing flesh.

Lenora Thomas has been advanced to private secretary in a Chicago insurance office.

Bernice Kempe wards off loneliness from the wealthy widow of the late Edsel Ford. She plans social functions and is a worthy companion.

In private life, Matthew Everist is president of the Ridicule Society of Emporia. Officially he is publicity man of the General Electric Company in that city.

Products of K. S. A. C. are Donald Anno and Henry Dennis. They are rated as successful scientific farmers in the west, and are authorities on farm methods.

Several months before my employment here, my temporary transfer to the general hospital in Cuba afforded the opportunity of seeing Robert Eakins. His growth is marvelous, little did we think that today Bob should be owner and general manager of the Cuban Railroad. His wife manages their palacial home with good taste. In the course of an evening's visit I found that Jesse Rake serves the U. S. Government in the Philippines. While very competent in this capacity, he is suffering from the incurable disease caused by the fifty-ninth refusal of his beloved to marry him until he will have added six inches to his height.

Upon returning to New York, Pearl Kincaid called upon me and registered her position as Surgical Nurse at the Korean Hospital. On the same day she sailed to her destination.

Sims Thompson is an engineer in South America. The project that is under his inspection is claimed to be unexcelled for its upkeep. As a sideline he writes articles on his work and the conditions existing there.

Goldie Ketcherside is a Spanish instructor at Washburn College and is considered an asset to that institution.

Now, Mr. Mosser you have a resume of the work of the class of '28. I trust that you are not disappointed in any of our developments. We recall daily the advice given us at Highland Park and wish you to extend to the ones whom you come in contact in school work, our sanction upon those fundamental principles that have proved invaluable to us.

Our advisor, Miss Weaver, is teaching school, but I understand that she intends to retire this fall to her Blue Heaven in the Berkeshire Hills.

My patient has awaken and I must go again to my duties. Tomorrow he will leave the bed of whose companionship he has grown tired.

If you desire the addresses of any of the class I will be glad to supply them. Please consider yourself welcome to visit us at your convenience.

I am sincerely yours,

LOUISE THOMPSON.

Class Will

To whom it may concern:

Be it known that we, the Honorable Senior Class of Highland Park High School, being sound in mind and body and realizing the inferiority of our fellow students and their desire to obtain worth-while qualities, do hereby make, publish and declare this as our last will and testament. After payment of all just debts and funeral expenses, we have the following assets which we bequeath with all rights and privileges thereunto:

In hope of getting rid of it we leave Sims Thompson's laugh to Gladys Baker.

Believing it will benefit her as well as others, we leave Zella Roller's quiet manner to May Oliver.

Knowing that it will not be mistreated or overworked, we leave Bob Eakin's slightly used American History book to Philip Mills.

Donald Anno leaves his bashfulness and modesty to Eugene Lair.

Jesse Rake will permit Marguerite Stapleton, now that she fills the exalted position as Senior, to use his typewriter, providing she can keep underclassmen off it.

To Margaret Lemons, in hope that it will swell the goodly number of her victims, we bequeath with all the rights and privileges thereunto, Lenora Thomas' dimples.

Knowing that it will harm him not, we bestow upon Lewis Smith, Pearl Kincaid's quiet studious manner.

In hope that it will promote the organization to higher success, Sylvia Sassman leaves her Girl Reserve Presidency to Ethel Frejd.

To show that we still believe in him and hope for him we bestow upon Art Eberhart, Wesley Taylor's abundant knowledge, if the sudden change should prove too much for him he may share it with Burt Powell.

Karl Root leaves his ability to be a sheik to Harold Milliken.

Believing it will help her financially, we bestow upon Sarah Thompson, Matthew Everist's rosy complexion.

Vern Brunton leaves his athletic ability to another runt, namely Daisy Wylie.

Warren Boast leaves his Senior Class Presidency to Clyde Lewis.

Mildred Petty leaves her ability to make herself popular with the stronger sex to Clara Coleman.

Believing that it will come in handy we bequeath unto Virginia Rhoades, Louise Thompson's ability to "bluff" her way thru History class.

Irene Roller leaves her position as Mr. Mosser's secretary to Blanche Elder.

Desiring to see him play center on the Basket Ball team next year, Martha Mills bequeaths her excess height to Harold Lewis.

Bernice Kempe leaves her *unassuming* scholastic ability to Donald Mills.

Garfield Richard leaves his position as Business Manager of the Annual to Bill Ransdell.

Jessie Bell Hassebroek leaves her executive ability to Naomi Hildebrand.

Unto Chester Ewing do'st Goldie Ketcherside leave her ability to discipline the noon hour study hall.

Unto Harold Ransdell do'st Emma Eberhart bequeath her ability to secure excused absences.

To whom it may concern: Henry Dennis leaves his sympathy to anyone having to walk to school as far as he did.

Signed and Sealed this 2nd day of April.

Witnesses:

All the world is a stage and we, the Juniors, merely one cast of actors. In our school life we have our exits and entrances and our acts are three. We have played two acts; the first, our pre-school days, the second, our grade-school days, and now the third, our high-school days has four scenes:

Scene I, the Freshman year, introduced us to the school and started us on our active career. Scene II, the Sophomore year, was spent in such a way as to keep up with our rapidly growing desire for broadness. And this, our Junior year, Scene III, is the climax. In our mental development we have reached the point where we can appreciate and enjoy the common things of life. Our ideals, like guiding stars, shine more clearly and beckon us to do our best. In our activities we have assumed responsibility like true soldiers and deserve the faith entrusted to us.

We, the thirty-six Juniors, beside furnishing members to all school organizations, have a class orchestra of eight members, bought our Senior gift, a Holmes Projecting Machine, staged a splendid Junior program in the fall, then in the spring we gave the Junior-Senior Reception at the Jayhawk Hotel, Junior Talent furnishing the program.

Above all, we pride ourselves in the fact that our class room goal is thirty-six Juniors to be thirty-six Seniors and thus by the careful and patient guidance of Miss Carrie McClure, our advisor, all of our actors will be ready to stage the Commencement and all that goes with the fourth scene of our interesting act.

YE SHIP SOPHOMORE

Ahoy! Ye good ship Sophomore!
As ye sail the bounding main,
With thy crew of stealthy sailors,
Ye have gained thy cherished fame.

With Miss McDonald in thy crowsnest,
Opal Johnson, thy captain bold,
Bessie Roller as thy second mate,
Brave Gordon thy finances and log to hold.

On every voyage that thou hast made,
On thy rigging hoisted high,
Over the sea of knowledge brave,
Colors of dear Highland fly.

Though waves may dash ye on the rocks
Ye have no cause for fears,
With forty gobs and mascot too,
Ye shall brave through two more years.

Thy social life has been complete
With laughs and songs that ring,
A hike or two, both of success,
And a jolly party in the spring.

Nine of thy mates in Girl Reserve,
With three in thy club Hi-Y,
All in the Booster club roaring with pep,
And thy four C. C. C.'s with their pies.

Six sea-salts on thy battling gridiron,
While thy all-county-end is Phil;
Eleven in basket ball, fighting hard,
Ye gave many warriors a spill.

The plays that ye gave in the early spring,
Both went off with a bang!
Ye were well represented in boosting and wit,
By all of thy Sophomore gang.

Thirteen in dramatics has given thee luck,
And they praise thee all the day long;
While seven young ladies in the merry Glee Club,
Fill thy deck with their joyful song.

So here's to the ship her mates admire,
And will for two years more:
May she sail the main of knowledge deep
With success as the good "Sophomore."

RUTH TICKNOR.

The Freshman Class of '31

We are green we know
But we're not so slow
And our green was sand-papered long ago.
A class of fifty-two,
And it's been, "What shall we do?"
Basket ball, football, orchestra, glee club,
Hi-Y, Girl Reserves, and Dramatic Club—
And so that we won't get.....as a "Rooster"
Every Freshman is a good, old Booster.
Our President, James Kneisler,
Is a pretty good just hustler.
And so there is a Freshman nose
In almost everything that goes.
And of our officers, there are others too
Who earn the epithet, "True Blue."
Freshman parties, by rule are only two
We think it's quite unjust, don't you?
But we make the best of what we have
And the first quenched a desire to "Gad".
By a two-mile hike, with eats at the end.
The second was when we love-missives send
A St. Valentine's party in the Gym,
Where all the first Girls sent flirting looks to
Their favorite "HIM".
All in all, we're a pretty good bunch;
And I think you'll surely get the hunch:
We'll be here longer than most of you
And to Highland, we will always be true
Keeping her traditions old, dear
And her name forever and ever dear,
Altogether, Freshmen
Fifteen "Rahs" for old Highland!

In connection with the activities we wish to add that the Freshmen arranged the chapel in the morning on February 23. In "Little Miss Dresden" we discovered that some Freshmen could dance the Minuet. Our Freshman Orchestra played one number.

Organizations

The Parent Teachers' Association

Mr. Ben H. Abels.....*President*
Mrs. O. Shaul.....*Vice President*
Mr. Chas. S. Billings .....*Secretary*
Miss Mary Van Tries .....*Treasurer*

Last year Mr. Frank G. Richard was instrumental in bringing about the organization of the Parent-Teacher's Association; and he has spent much of his time and energy in the capacity of President. He was aided by Mr. S. C. Iwig, Vice President; Mrs. Walter Chubb, Secretary, and Miss Wilma Shields, Treasurer.

The first meeting of the year was in the form of a welcome to the teachers of the Highland Park Schools.

The Parent-Teacher's Association, although having had few meetings this year, has been active in promoting a feeling of good will and co-operation between the community and the school. Proof of this was the many patrons who attended the demonstration night for both the grade and high schools. At this assembly a "Superior School" plate was presented to the grade school.

Prospects look good next year for a bigger and better Parent-Teacher's Association under the direction of the newly elected President, Mr. Ben H. Abels, and his helpers.

"El Ateneo" Spanish Club

Karl Root ..... *Presidente*
Sims Thompson ..... *Vice Presidente*
Erik Lindquist ..... *Secretario*
Miss McDonald..... *Maestra*

The "El Ateneo" Club, organized last year by the members of the advanced Spanish class, has proved to be a source of enthusiasm for the students enrolled in that interesting subject.

At the beginning of the second semester this year, tryouts were held and twelve new members were admitted to the club. This was accompanied by initiations which ushered in an abundance of merriment, much to the distaste of the new members.

Meetings are held twice a month at noon. The time there is spent pleasurably with Spanish readings, plays and songs.

Dramatic Club

OFFICERS

Emma Eberhart ..... *President*

Margaret Lemons ..... *Vice President*

Philip Mills ..... *Secretary-Treasurer*

The work of the club was not started until the latter part of the year, due to a large number of activities in which many of our members were engaged. In spite of this, much interest and concentrated effort was shown in the staging of "Little Miss Jack" and the result was a success. This play depicted various types of characters from the tenement and up-town districts of New York. All these roles were so well played that one was unaware that the players were amateurs. The success of the play was not only due to the characters alone but to the coach, Miss Davison, and her able assistants, the stage, advertising, and business managers. We firmly believe the play not only afforded us good training and experience but that our patrons enjoyed it. On April 12, by request, we repeated the play at Big Springs.

Orchestra

The Orchestra this year consisted of twelve pieces and was very successful under the direction of Miss Jordan.

The orchestra appeared for a number of different occasions, the first in an Indian program with the Junior High School. The organization assisted a number of times in assembly, at the Dramatic Club play, and twice at Parent-Teacher's Meeting.

They also furnished music for the Football Banquet on December thirteenth. All of the members wore black tam-o-shanters and red ties.

The most important appearance of the year came at the time of the Joint Glee Club and Orchestra Concert in April.

Dana Pratt	Piano
Dorothy Jones	1st Violin
Marvin Nye	1st Violin
Wilbur Kempe	1st Violin
Bessie Roller	2nd Violin
Evelyn Beckley	2nd Violin
Helen Zeidler	2nd Violin
Gretchen McKee	Banjo
Warren Boast	Clarinet
Buell Beadle	Cornet
Leonard Cloud	Saxophone
Clarence Anderson	Saxophone
Sims Thompson	Baritone

Boys' and Girls' Glee Clubs

The Boys' and Girls' Glee Clubs consist of about forty voices, selected at the beginning of the school year by means of tryouts, and each club meets to rehearse at least once a week under the direction of Miss Jordan.

The first appearance of the groups together occurred just before Christmas Vacation. Volunteers were called and they went to houses in Highland Park and sang Christmas Carols.

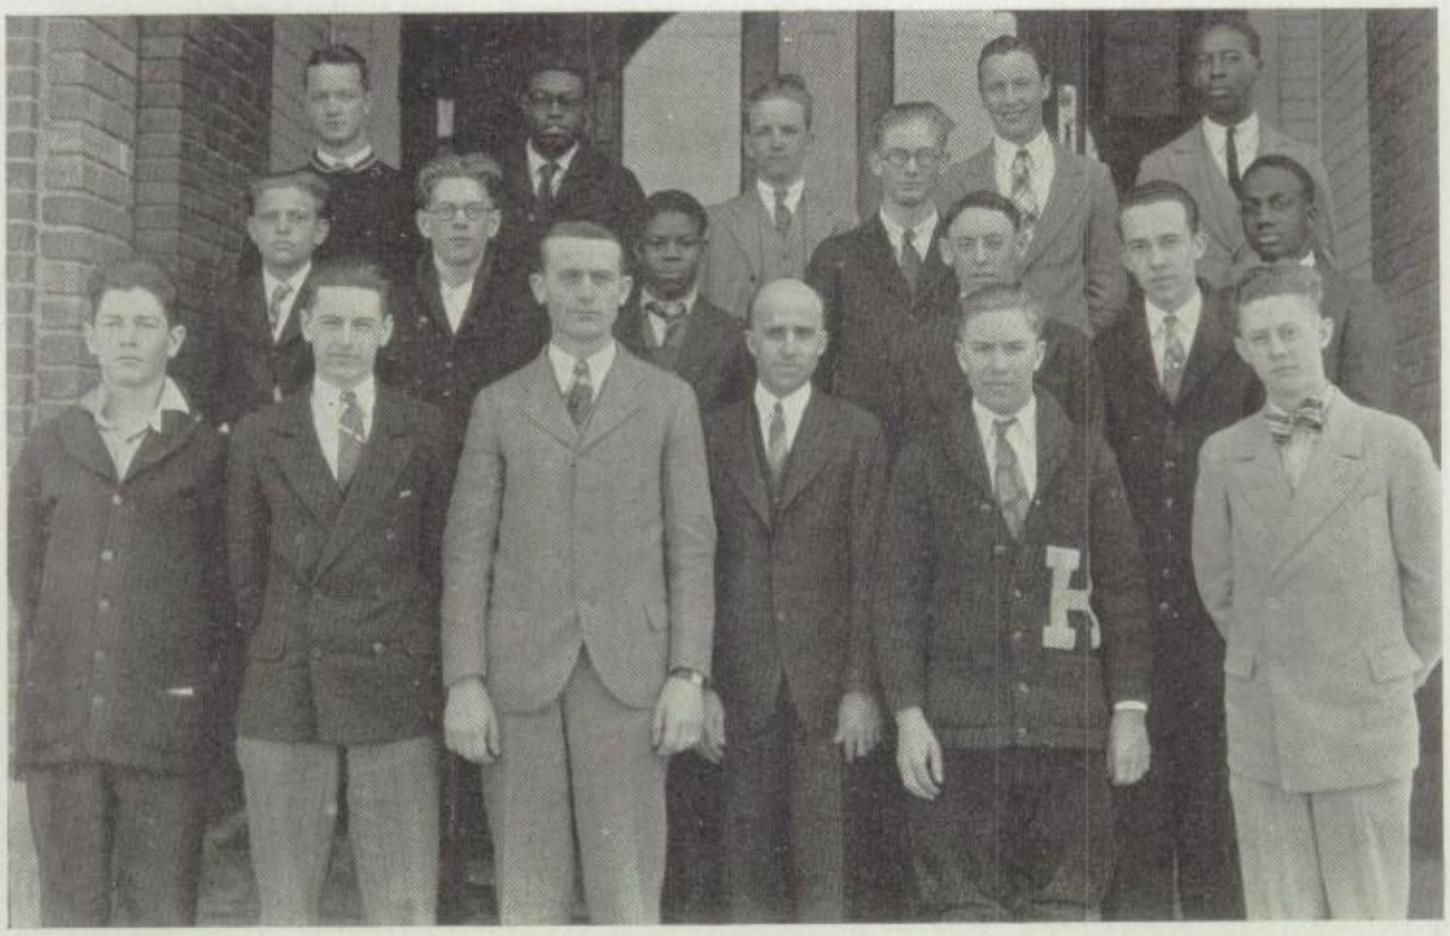
The Boys' Glee Club made their debut in assembly one morning in the early part of February. The next performance of the two organizations came in April, when they appeared with the Orchestra in a Joint Concert at the school auditorium.

BOYS' GLEE CLUB

The final appearance of the year was in a two-act operetta, "Carrie Comes to College."

CAST OF CHARACTERS

Carrie	Dorothy Cusic
Spencer	Clifford Woodley
Bobby	Gretchen McKee
Tommy	Robert Myers
Fred	Deward Estes
Porky	Lawrence Morris
Ma Jenkins	Irene Roller
Madame Louise	Sophia Shapiro
Hiram Goodnow	Philip Mills
Sol Rosenbaum	Donald Mills
Izzie Rosenbaum	Eugene Lair
Governor Thompson	Henry Dennis



The Hi-Y

Clifford Woodley ..... *President*

Marvin Nye ..... *Secretary-Treasurer*

Sims Thompson ..... *Program Chairman*

Since this, the first year that a Hi-Y has been conducted in the High School of Highland Park, the members rather feel themselves as pioneers in this field. With the sponsorship and leadership of Mr. Mosser and Mr. Ehrlich, the Hi-Y has laid a solid foundation for future character-building.

Many interesting meetings and discussions, on such topics as Sportsmanship, were held first during the year.

Our outside activities consisted of two chapels, one of which we shared with the Girl Reserves, and in conducting the candy canteen which has been very successful.

Girl Reserves

Miss Wilma Shields ..... *Leader*
Sylvia Sassman ..... *President*
Esther Chubb ..... *Vice President*
Margaret Lemons ..... *Secretary*
Martha Mills ..... *Treasurer*

Principles of good sportsmanship, the promotion of friendliness and good will among the girls of the High School, and the advancement of the principles of better living is the object on which the Girl Reserves founded their organization in the fall of 1927 under the direction of Miss Wilma Shields.

By reason of its influence throughout the school, the organization has increased from twelve to forty in membership. Their Christmas spirit was shown in the giving of a party to the first and second grade children.

The Booster Club Officers

Miss McClure ..... *Sponsor*

Marguerite Stapleton ..... *President*

Karl Root ..... *Vice President*

Buell Beadle ..... *Secretary-Treasurer*

Sylvia Sassman
May Oliver
Eugene Lair
Richard Beisecker
..... *Cheer Leaders*

The Booster Club of Highland Park is a swiftly moving organization. Our work this year is one to be proud of. Not only have all the student activities been boosted, but we have been the means of adding a few improvements to the school. Some new song books were purchased for the chapel exercises; the office floor received a nice coating of Inlaid Linoleum; the hot noon luncheons were, in conjunction with Domestic Science department, made a regular activity of the school, and the tables bought for the same.

Special mention is made of the many students who never failed to respond when called upon for service to keep the corn popper busy and boost by other services. We are deeply apreciative of the student body and the community who so freely bought our wares at every game.

Practically every student in high school is an active member. We have done big things this year but our plans are bigger and peppier for the next year.

The Senior Play

"The Hoodoo" was presented by the Senior Class on Friday, April 27, 1928, under the direction of Miss Grace Davison, dramatic coach, and Miss Ruth Weaver, class sponsor. The cast of seventeen characters included all but six members of the class, thereby involving much co-operation and effort upon the entire class. Each senior credited himself by the way in which he portrayed his part. Such character parts as Aunt Paradise, colored mammy; Billy, the heartbreaker, and Kemachus, the bashful youth provoked much humor from the audience, and Brighton Early's troubles, Angelina's misbehavior and Billy's superfluity of girls served to dampen the spirits of the onlookers.

THE CAST

Brighton Early, about to be married	Vern Brunton
Billy Jackson, the heartbreaker	Matthew Everist
Professor Solomon Spiggot, an authority on Egypt	Warren Boast
Hemachus Spiggot, his son, aged seventeen	Henry Dennis
Mr. Malachi Meek, a lively old gentleman of 69	Jesse Rake
Mr. Don, the burglar	Robert Eakins
Miss Amy Lee, about to be married	Emma Eberhart
Mrs. Perrington Shine, her aunt and Mr. Mee's daughter	Jesse Belle Hassebroek
Gwendolyn Perrington Shine, who does just as mamma says	Pearl Kincaid
Dodo DeGraft, the Dazzling Daisy	Sylvia Sassman
Mrs. Ima Clinger, a fascinating young widow	Goldie Ketcherside
Angelina, her angel child, aged eight	Martha Mills
Miss Doris Ruffles, Amy's maid of honor	Mildred Petty
Mrs. Semiranus Spiggot, the mother of seven	Zella Roller
Miss Longnecker, a public school teacher	Bernice Kempe
Lulu, by name and nature	Irene Roller
Aunt Paradise, the colored cook lady	Louise Thompson
Six Little Spiggots	Grade School Children

WHAT WE WOULD LIKE TO SEE

Burt Powell picking up his feet when he walks
Sims Thompson not arguing with his teachers
Bob Myers staying awake in class
Pearl Kincaid not studying
Garfield Richard being on time to Typewriting
Chester Ewing when he isn't laughing
Eugene Lair when he isn't teasing someone
Bernice Kempe as "Cheer Leader"
Martha Mills grown tall
Jimmie Everist blushing
Irene Roller as a "demure little miss" .
Pressley Anderson not smiling
Sylvia Sassman without Vern Brunton
Allan Lindquist in Harold Lewis' clothes
Miss McClure with a boyish bob
"Speck" Evans without his freckles
Karl Root in overalls
Henry Deever without his hair standing on end
Mr. Mosser not in a hurry
Miss O'Brien wearing a bright red dress

Election Returns

PRETTIEST GIRL—Margaret Lemons; Gretchen McKee; Emma Eberhart and Opal Johnson.

BEST LOOKING BOY—Karl Root; Deward Estes; Buell Beadle.

BEST ALL AROUND ATHLETE—Vern Brunton; Lewis Mather and Philip Mills; Carl Jones.

CUTEST GIRL—Mildred Petty; Daisy Wylie; Martha Mills.

BEST BOOSTER—Marguerite Stapleton; Cliff Woodley and Harold Ransdell; Margaret Lemons, Sylvia Sassman, May Oliver and Marvin Nye.

TEACHER'S PET—Merle Oberheim; Eugene Lair; Gretchen McKee.

BEST ORATOR—Warren Boast; Sims Thompson; Wesley Taylor.

MIDNIGHT OIL CONSUMER—Cliff Roberts; Robert Myer; Harold Sims.

MOST POPULAR BOY—Deward Estes; Karl Root; Philip Mills.

MOST POPULAR GIRL—Sylvia Sassman; Irene Roller; Gretchen McKee.

SCHOOL WIT—Buell Beadle; Arthur Eberhart; Merle Oberheim.

MOST EFFEMINATE BOY—Buell Beadle; Merle Oberheim; Bob Myers.

BIGGEST UNDERSTANDING—Burt Powell; Sims Thompson; Hale Ritchie.

DEEPEST DYED COUNTENANCE—Dorothy Jones; Eldora Tolbert; Sara Thomson.

MOST BASHFUL STUDENT—Ruth Norris; Isabel Bahnmaier; Allen Lindquist and Dayton Herschell.

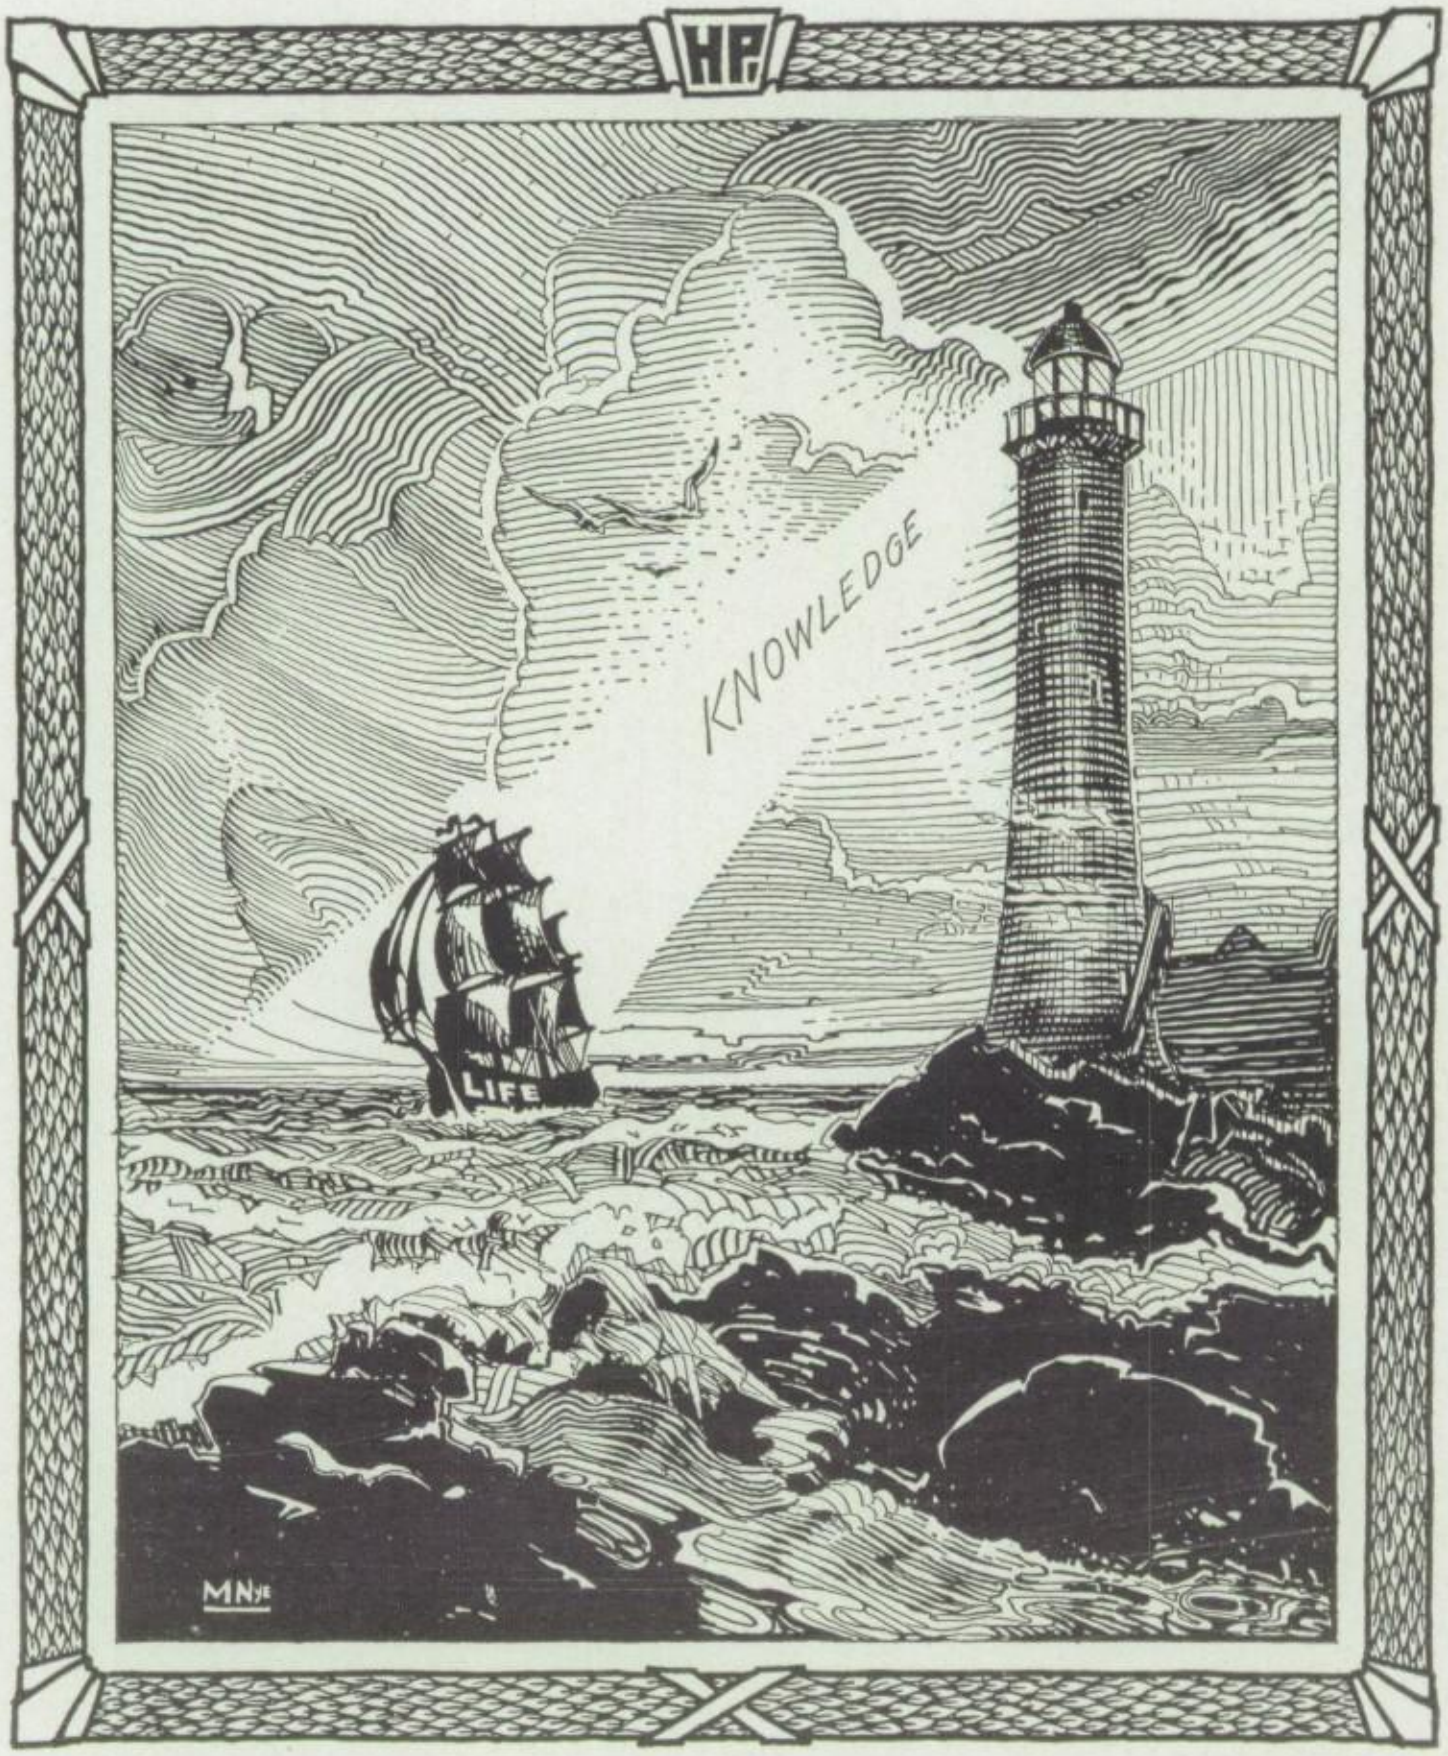
MOST CONTAGIOUS SMILE—Chester Ewing; Jimmie Everist; Dorothy Jones.

TIGHTEST TIGHTWAD—Garfield Richard and Robert Myer; Sophia Shapiro and Otha Bailey; Arnold Hanson, Joe Hurwitz and Carl Steinmeyer.

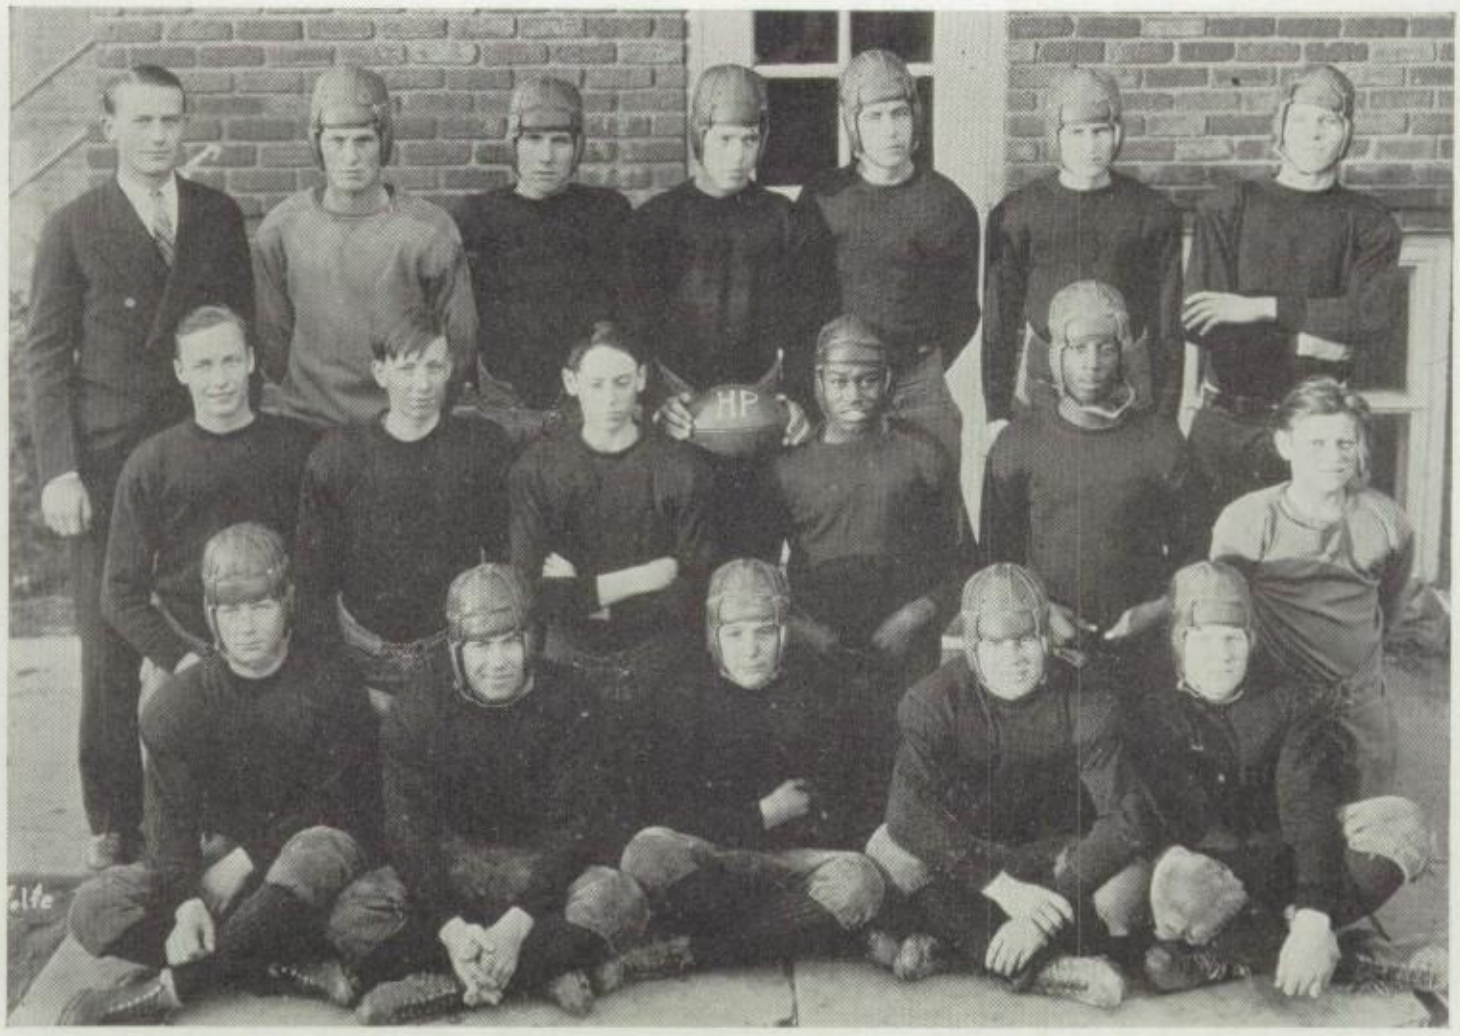
GREENEST FRESHIE—Chester Ewing; Merle Oberheim; Otha Bailey.

PRETTIEST DIMPLES—Deward Estes; Dorothy Jones and Chester Ewing; Mildred Petty.

BIGGEST HEARTBREAKER—Karl Root; Arthur Eberhart and Buell Beadle; Deward Estes and Gretchen McKee.



Athletics



FOOTBALL TEAM

The 1927 season of the Highland Park football team has been very successful. It could hardly have been otherwise, considering the fact that the team was excellently supportd from the first, by the Coach, the faculty, the school board and the community at large.

Highland began the year with a defeat, but by a steady improvement, due to the insistance of the fans, the consistance of the Coach, the persistance of the team, and the assistance of the second squad, was able to finish the year by winning three of the last four games. The loss to Seaman followed a thrilling game, the closest that Seaman had experienced in the County League.

Prospects for 1928 are fine, with 13 letter-men back, including Louis Mathers, 1927 Captain, Carl Jones, 1927 Captain and 1928 Captain-elect, and Philip Mills, All-County end this year.

Spring practice, undertaken this year for the first time in Highland Park, will give valuable knowledge to the players.

This year's scores are as follows:

Holton	18	Highland	0
Rossville	31	Highland	0
Washburn	12	Highland	0
Berryton	12	Highland	0
Topeka High Seconds	6	Highland	12
Auburn	0	Highland	6
Seaman	7	Highland	6
Silver Lake	6	Highland	20
Total	92	Total	44

Football Players for 1927

CARL JONES (Captain)

"Fat" was one of the "Twin Captains" for this year, and is also Captain-elect for 1928. He was taken from the line this year and placed at full-back, where he used his size to advantage by scoring the touch-down over Seaman. Fat is a great punter and did practically all the punting this year.

LOUIS MATHER (Captain)

Probably the team's best ground-gainer was "Bosco", who was fast and shifty on end runs and off-tackle plays and the best forward passer in the County League. "Bosco" played left half-back, and was one of the two captains elected this year due to a split vote. He will be back next year.

PHILIP MILLS

Phil's ability to snag passes won him a position as end on the All-County Team. Phil and Bosco's passing combination scored several points for Highland Park. Phil, being a Sophomore, has two more years in school and will undoubtedly add many laurels to those he now has.

CLIFFORD WOODLEY

"Cliff", playing at guard on offense and center on defense, was the strongest link in the front line. He directed the shift of the line and was instrumental in stopping the majority of the opponent's line-plays. His excellent work was certainly recognized among his team-mates. Next year will be his last year in High School.

SIMS THOMPSON

One of the most reliable defensive men on the team was Sims Thompson, at right half-back. He is the man who broke the tackling dummy—he tackles HARD! ! ! He is also a consistent ground-gainer through the line. This is "Webster's" last year, and he leaves a vacancy which will be hard to fill.

GARFIELD RICHARD

This was Garfield's first attempt at football and he succeeded in playing quarter-back in a manner which pleased the most critical. This being Garfield's last year, the position of quarter-back will be open next year.

CLARENCE ANDERSON

Although this was Anderson's first year in High School, his speed, grit and consistent practice won him a place on the first team. His value to the team was his ability to overtake his opponent in the open field.

LAWRENCE MORRISS

The center this year was "Fat" Morriss—a chunky obstacle for any "Back" to run over or knock aside. "Fat" held a hard position, but his performance showed him to be well fitted for it. He will return next year and help Highland to another successful season.

WILLIAM BERGMANN

"Billy" Bergmann played tackle and played it well. He and "Levi" showed some excellent teamwork when Bill blocked the Seaman punt and Levi recovered it and carried it to within a few feet of the goal. Bill has dropped school the last semester but we hope he will return next year.

VERN BRUNTON

"The Senior" missed several weeks of school during football season, but he showed up well in the games he entered. His nimble footwork in the "boxes", during practice, will be remembered by all. This is Senior's last year and his position at end will be open next year.

LEWIS SMITH

"Louie", playing at tackle, gave to the line some needed weight and strength for both offensive and defensive work. His good-natured humor won him a place in the hearts of his team-mates. He has two more years and should play some great football for Highland in that time.

BURT POWELL

"Big Bertha", at tackle, began his football career this year and showed by his ability and willingness that he has the "makin's" of a great football player in him. Highland's opponents next year will find some difficulty in passing the burly player.

CLYDE LEWIS

A big, fighting player for the tackle position was found in "Levi" Lewis. He was outstanding at both guard and tackle positions and looked good in the games. Levi will hold a big place in the line next year.

WILLIAM RANSDELL

Sims Thompson being unable to play in the Washburn game, "Bill" got his chance and showed how much grit and fight a small man can have. Bill got into about half the games and showed up well in all of them. He has two more years to play, and he says that the letter he received this year is lonely.

ARTHUR EBERHART

"Art" showed up well at end in several games. When Brunton was out Art was able to hold down his end of the line well. Art's defense and offense are both good and he should have little trouble in securing a regular position for himself next year.

GORDON OBERHEIM

"Monky" was out of the game for quite a while this year but he will be back with vim next year. His height enables him to catch passes. He should be a valuable end for next year's squad.

The Highland Park Basket Ball Season, 1928

Highland Park played her third season of basket ball this year and continued her progression in that sport by outscoring her opponents by fourteen points. The co-operation between Coach Ehrlich and the team was excellent, and strong backing was given by "the power behind the team," i. e., the school and faculty. Loyal fans were present at every game and their cheering did much towards winning the games.

The team was well-balanced, having no outstanding star. After tying for second place in the County League, the team was entered in the District Tournament at Washburn College, where they won two games, losing the third by only one point.

With four first team men, and three of this year's substitutes back, the prospects for next year are promising. The only losses are Captain Vern Brunton and Garfield Richard, both seniors this year. Arthur Eberhart is captain-elect.

The scores for 1928 are as follows:

Washburn	18	Highland Park	16
Auburn	11	Highland Park	25
Santa Fe	16	Highland Park	15
Seaman	23	Highland Park	12
Berryton	13	Highland Park	23
Topeka Sec.	26	Highland Park	9
Scranton	19	Highland Park	16
Washburn	14	Highland Park	15
Auburn	15	Highland Park	14
Seaman	10	Highland Park	7
Topeka Sec.	7	Highland Park	10
Berryton	21	Highland Park	31

TOURNAMENT GAMES

Lecompton	13	Highland Park	20
Oskaloosa	9	Highland Park	17
Havensville	28	Highland Park	27
Total	243	Total	257

Basket Ball Players, 1928

VERN BRUNTON (Captain)

This year was Vern's third and last year of High School basket ball. The fact that he was high-point man for his team the first two years, and captain the last two years, shows his value to the team. He gained honorable mention for the Class A All-tournament team in 1926, and played on the Seaman All-County team in 1928. He was a good all-arond basket ball player and his graduation constitutes the team's greatest loss this year.

ARTHUR EBERHART (Captain-elect)

Scoring the most points of any Highland Park player this year, "Art" proved himself to be an important factor on the team. He played center and was often able to get the tip from taller men than he. Besides being an excellent shot, Art's defensive work was good, and his passing and teamwork featured in every game. He played on the Second All-County team, and will do even better in the two years he still has in which to play.

PHILIP MILLS

"Phil" won a secure position on the first team. Although his small size was a considerable handicap, he played both guard and forward equally well. He had a knack of scoring when the points were most needed, and therefore showed up to advantage in the harder games. He is a Sophomore, and has two more years in High School.

GORDAN OBERHEIM

"Monk" has had more basket ball experience than a majority of his team-mates. He handles the ball with much ease and precision. He is an excellent guard, and uses his height to advantage in that position. He was chosen by one authority to be the best guard in the District Tournament in 1928. Monk is a strong scorer. He shot all the technical free throws awarded to our team this year, and never missed one. He has two more years to play.

LEWIS SMITH

"Louie" is able to guard two men about as good as is possible. His stellar guarding has helped Highland win her hardest games in 1927 and '28, and will probably continue to do so in the next two years. He scores consistently from the center of the court, and is a strong factor in the offense as well as the defense.

GARFIELD RICHARD

Garfield played his last year for Highland this season. He entered most of the games, and used his scoring ability to advantage. He is fast and guards well. His successor next year will have to work to fill his position at forward as well as he has done.

LOUIS MATHER

"Bosco" is one man who always fights. He is tall and fast, and a good shot. He missed several weeks of practice at the first of the season and therefore his playing this year was not as good as it might have been. His advent speeds up the game immeasurably. He will be a strong candidate for the team next year, which will be his last.

CARL JONES

"Fat" was playing his first year of basket ball, but he performed well in the games which he entered. He is a good shot, and an able dribbler. He has another year to play, and much is expected of him.

CLYDE LEWIS

"Levi" played his first basket ball this year, and he probably showed more improvement than any other Highland Park player. He is the largest player on the squad but he lacks the clumsiness generally found in large men. His height of 6 feet two inches enables him to guard well and to get the tip from most players. This year's experience should make him a valuable asset to next year's team.

Girls' Basket Ball

The saying "History repeats itself" was proved by the Girls' Basket Ball team of 1928 when they tied the score with Seaman at Seaman and won the return game at Highland by one basket. This won the championship in the same manner as it was won in 1927. The other county league games were won by large scores.

The team played other games with various non-league teams and were victorious over all except Scranton, who won by five points.

The team entered an invitation tournament at Holton. Their first game, which was with Dennison, was forfeited to them and they lost the second to Highland. Sylvia Sassman, the captain, received a gold basket ball for Honorable Mention.

Although several of the first team graduates this year, with the capable coaching of Miss Weaver and help of our old "standbys" Sophie and Esther the team should make a good showing again next year.

Santa Fe	19	Highland	22
Seaman	22	Highland	22
Berryton	6	Highland	41
Scranton	14	Highland	9
Stricklers	6	Highland	15
Auburn	10	Highland	35
Seaman	19	Highland	21
Bell Office	5	Highland	23
Berryton	0	Highland	53
	100		241

Girls' Basket Ball

SYLVIA SASSMAN (Captain)

Our peppy captain through her excellent playing either as forward or center did much toward leading us on to victory. She received honorable mention at the Holton tournament. This is her last year.

MARGUERITE STAPLETON

A forward; played in every game. She was so quick it was difficult to guard her and the scores mounted for Highland when she aimed for the baskets.

RUTH KRUSOR

The jumping center. She out jumped most of her opponents. Her height and alacrity did all that such a combination could for furthering our triumph.

LOUISE THOMPSON

She received many compliments from our opponents for her style of playing. Her cheerful disposition stimulated her own team to greater action. This is her last year.

LENORA THOMAS

A guard. Although of light weight her alertness, quickness and ability to stay with her forward gave her high ranking as an efficient player. This is her last year.

EMMA EBERHART

A guard. She played a steady game and her work was of the quality that deserves praise. Her remarkable spirit of sportsmanship was reflected in in her every play. This is her last year.

MAY OLIVER

A forward. She especially distinguished herself in the Berryton game where she made most of the fifty-three points. Her willingness to back up the team at all times was a valuable asset.

MARGARET LEMONS and VIRGINIA RHOADES

They were very quick and active. Although they did not play much this year we expect more from them next year. Their main contribution was in giving competition to those who did play.

Track, 1928

For the first time in a number of years Highland Park won the Shawnee County track and field meet. This meet was held at Washburn field on Friday, April 27, at which time eight of our Highland Park men qualified for the State sectional track meet held at Ottawa on May 5.

Some very good records were made in the county meet. The score was Highland Park 45 points; Rossville 22; Seaman 20; Washburn 16, and Berryton 6. Highland Park won 7 out of 13 firsts; 3 seconds and 1 third.

The track team was made up of Clarence Anderson, Louis Mather, Lewis Smith, Clyde Lewis, Harold Milliken, Gordon Oberheim, Clifford Roberts, Sims Thompson and Arthur Eberhart. Highland Park brought home from this meet 10 gold, 3 silver and 1 bronze medal. Clarence Anderson was high point man with 13 points.

The summary of the field meet is as follows:

100-Yard dash—Sawyer of Rossville, Anderson of Highland Park, Backus of Seaman, time 10.7 seconds.

Mile run—Oberheim of Highland Park, Edson of Washburn, Whearty of Rossville, time, 5 minutes and 10 seconds.

220-Yard dash—Anderson of Highland Park, Mather of Highland Park, Shraeder of Rossville, 25.2 seconds.

Shot put—Sawyer of Rossville, Gravenstein of Seaman, Mahaffey of Berryton, 37 feet, 3 inches.

880-Yard dash—McGuire of Seaman, Millikin of Highland Park, Trusdale of Washburn, 2 minutes, 18.5 seconds.

Pole vault—Jordan of Seaman, Hill of Washburn, Johnson of Berryton, 9 feet, 3 inches.

Half mile relay—won by Highland Park (Roberts, Eberhart, Anderson, Mather), time, 1 minute, 43 seconds.

Discus—Lewis of Highland Park, Mahaffey of Berryton, Shraeder of Rossville, 98 feet, 3 inches.

440-Yard dash—Bethel of Rossville, Trusdale of Washburn, Millikin of Highland Park, 60.3 seconds.

High jump—Mather of Highland Park, Bonniwitz of Seaman, Hill of Washburn, 5 feet, 4 inches.

Javelin—Smith of Highland Park, Bradford of Seaman, Howey of Berryton, 141 feet, 10 inches.

Broadjump—Anderson of Highland Park, Shraeder of Rossville, Sawyer of Rossville, 20 feet 5½ inches.

Medley relay—Won by Washburn (Stanley, Golightly, Trusdale, Edson), time, 3 minutes, 57.6 seconds.

Baseball, 1928

The baseball team has played two games at the time the annual goes to press; losing to Seaman, 24 to 16, and winning from Topeka, 8 to 7. There are five games remaining in the County League. The line-up starting the first two games has been: Captain Carl Jones, Mathews Everist, Louis Mathers, Clifford Roberts, Harold Sims, Philip Mills, Arthur Eberhart, Hale Ritchie, and Lewis Smith. Batteries were: Pitchers: Jones, Sims and Mills. Catchers: Everist, Sims and Mathers. Other men of whom much is expected are Raber, Ransdell, Oberheim and Anderson.

General News

The grade school at present has a total enrollment of three hundred and seventy-five pupils which require nine teachers.

We have added to our playground equipment this year, a horizontal ladder, horizontal bars, giant stride, and a slide. At present we have two slides, four teeters, a merry-go-round, a horizontal ladder and giant stride. Each room is also furnished with playground balls and bats.

Two pictures for each room, a set of World Books and a number of other books have been added to the school equipment this year.

Our school has been rated as a Superior school and has received the superior plate.

Under the supervision of Miss Jordan a grade school orchestra was organized which is now progressing rapidly. The Junior High boys also have a chorus which meets once a week.

Jokes

Miss O'Brien. "The work for today will be lesson—"
Vern. "Less'n usual, I hope."

———o-o———

Chester (in restaurant) "Will you have a little shrimp?"
Mary Louise. "Oh, this is so sudden."

———o-o———

Miss O'Brien (to new girl) "What are your initials, dear?"
New Girl. "P. S."
Miss O'Brien. "But I thought your name was Moore."
New Girl. "It is, Adeline Moore."

———o-o———

Joe. "Say, Bill an auto ran over Harold on the bridge."
Bill. "Oh, lands, was he hurt?"
Joe. "No, he was under the bridge fishing."

———o-o———

McDonald. Give me a sentence using the word pasture.
Dorothy J. I went past your house last night.

———o-o———

You can live without art,
You can live without books,
But a civilized man,
Cannot live without cooks.

———o-o———

Miss Shields. "Why are you scratching our head, Robert?"
Bob M. " 'Cause I'm the only one that knows where it itches.

Besides several games between the seventh and eighth grade teams both teams had a match game with the seventh and eighth grade teams of Lincoln School.

Score for eighth grade:
Lincoln, 2; Highland Park, 2.

Score for seventh grade:
Lincoln, 3; Highland Park, 2.

PLAYGROUND BALL

The grade school has turned out one championship ball team each year for the past three years. We are trying hard for two championships this year.

The teams are organized by grades. We have played but few games outside of school. We played soccer in the fall and playground ball in the spring. We also practiced basket ball for a few weeks.

The girls team played Wakarusa.

Score, 10-8 in favor of Wakarusa.

They also played several games with other grades at school.

JUNIOR HIGH SCHOOL

Second Year Junior High

CLASS OFFICERS

Vivian Whitehead ..... *President*
Dale Hamilton ..... *Vice President*
Margaret Boast ..... *Secretary*
Robert Mills ..... *Treasurer*

The eighth grade is a part of the Junior High School which is comprised of the seventh and eighth grades.

We are a large and co-operative class. We received two pictures from the school besides one that we won in a contest. We also have had added to our equipment a book rack for the World Books and several other library books.

During the year we visited the capitol building where we learned the duties of different officials. We also visited the memorial hall, the state printers, the weather bureau, the post office, the Mulvane Art Museum, and are planning to visit the Museum of Natural History and the Art Museum at Lawrence.

We made $12.36 on candy sales, most of which went toward music appreciation records for the Junior High. We also worked for Mr. Croft and made money for the class fund. The class has voted to give a picture to the grade building.

We had a Hallowe'en party in October at which we all enjoyed ourselves very much.

Arbor day we cleaned up the school grounds and planted shrubbery around the building.

First Year Junior High

CLASS OFFICERS

Lloyd Eberhart ..... *President*
Junior Barrett ..... *Vice President*
Seth Root ..... *Secretary*

FIFTH AND SIXTH GRADES

The Junior High is comprised of the seventh and eighth grades. There are thirty-five pupils in the seventh grade. Our teachers are, Miss Van Tries and Mr. Croft. Miss Kittle has taught penmanship this year and we feel that we have made much progress already. We have had several candy sales this year. The profit derived from the first candy sale went to buy victrola records. The profit from the second sale was divided between the classes of the Junior High School.

We have a class library and we think it has been a great success. We owe a great deal of credit for the success of the library to the librarians who have done their work so faithfully.

We visited the art exhibit at Washburn College the first week in March.

The principal sports of the grade school are soccer and soft ball. In soft ball the seventh grade ranks first of all the grades. Highland Park grade school has won a cup three years consecutively.

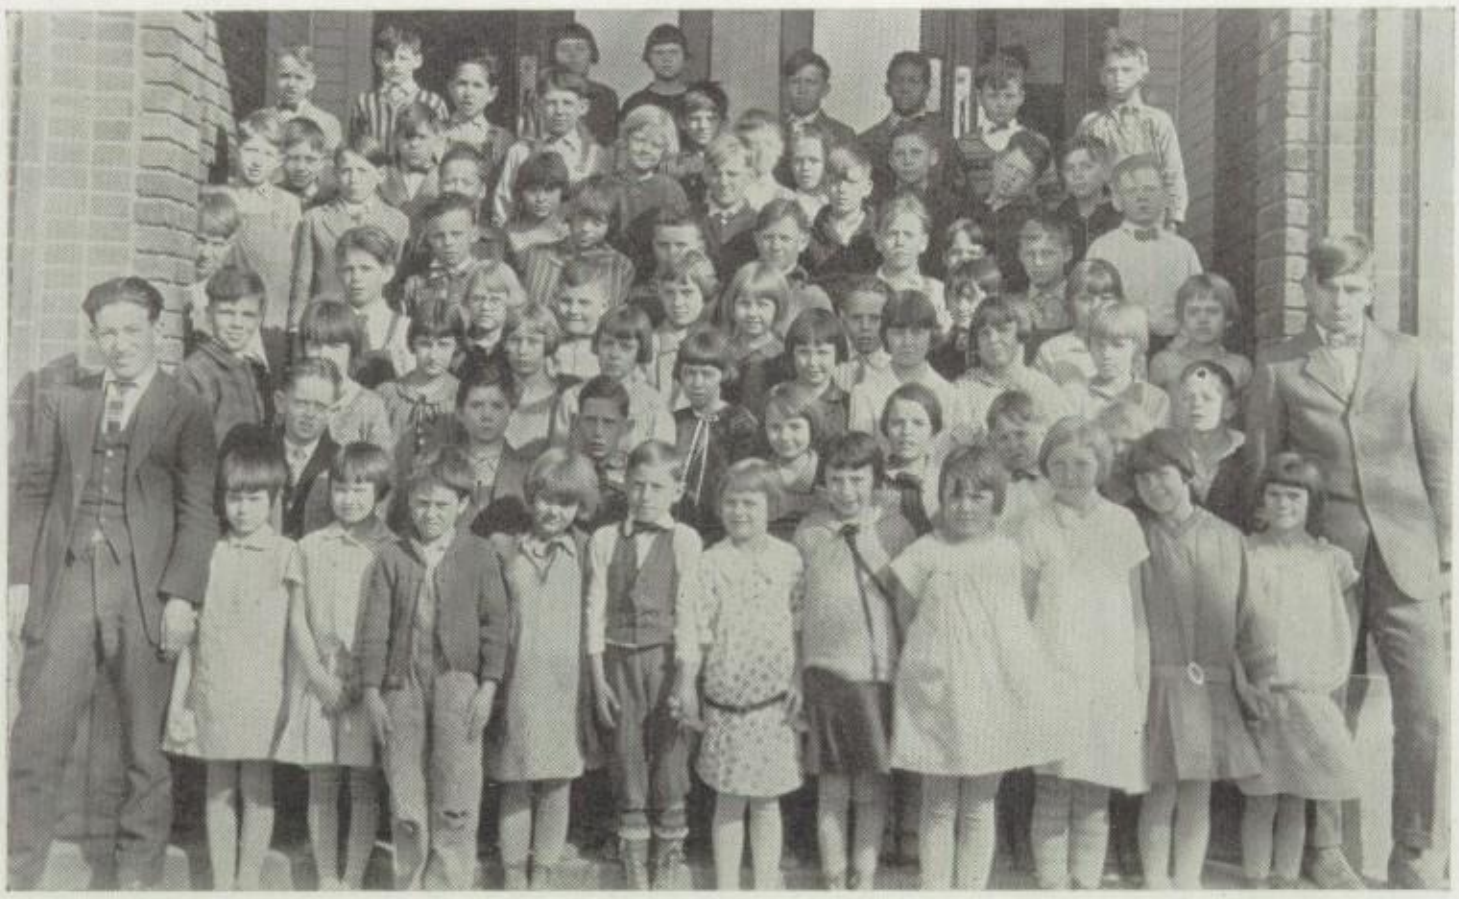
We are certain we shall win two cups in this year's tournament.

SETH ROOT — LLOYD EBERHART
JUNIOR BARRETT — WALLACE REYNOLDS

Sixth Grade

The Sixth Grade is a wide awake class. It makes the most of everything that comes along. At the beginning of the term chosen ones from the room gave a stunt at the State Fair, winning a prize of eight dollars. We used this money for a Valentine party for our parents and the faculty. The class went on a Hallowe'en hike in October. We were asked to give a geography demonstration before a section of the State Teachers' Association, which we willingly did. Mr. Wallace, County Superintendent, presented us with a blue ribbon for this demonstration. We entertained our parents with a Christmas party, December 18. In March we went to visit Capper's Publication and the Memorial building. We saw many interesting things at both of these places.

During the year we have been writing letters to Chambers of Commerce of



THIRD AND FOURTH GRADES

various cities. We use the material we receive for Geography. We write a magazine each month. We call it the Sixth Grade Times.

Our room has been organized since last fall. Every semester we elect new officers. Two of them play second violin. A number of boys and girls are Scouts. We have been playing ball regularly all winter. We have a very fine teacher and we certainly appreciate her.

DONALD F. KISKY
ROSCOE EBERHART

PAULINE HATHAWAY
MARY F. BERRY

Fifth Grade

We are very proud of our school and try hard to keep the grounds and buildings neat.

There are forty-three pupils in the Fifth Grade, twenty-three boys and twenty girls. Miss Gibson is our teacher.

We have a very good ball team and often play matched games with other grade teams after school.

W e celebrated Christmas and St. Valentine's days with parties in the school room, and the Fourth and Fifth Grades went to Lakewood for a wiener roast for Hallowe'en.

Miss Gibson has offered prizes for the best garden planted and cared for by the pupils. These will be chosen by a committee of judges from the Parent-Teacher Association.

LEONA MAE HALL

VIRGINIA WILSON
RUSSELL MOSSER

Fourth Grade

In the Fourth Grade there are fifteen girls and twenty boys, which makes a total of thirty-five enrolled.

We had a Hallowe'en picnic at Lakewood Park and invited the Fifth Grade to go with us.

FIRST, SECOND AND THIRD GRADES

We have a row named for each day of the week. On Monday, everybody who sits in that row must tell the class an interesting event they have read from the newspaper and so on, until there have been interesting reports for each school day.

The things that we have talked about that we think are interesting are farming, wool, cotton, fruit, oil, manufacturing trade, and national parks.

We are bringing wild flowers to school and are going to press them and then paste them on paper and study about them. We have three tadpoles that we are watching as they grow.

Marjorie Stapleton has been neither absent nor tardy this year. We enjoy the two pictures in our room, "The Song of the Lark" and "The Lake."

Miss Cohen is our teacher.

HAZEL HATHAWAY

RALPH RICE
MARJORIE STAPLETON

First, Second and Third Grades

About sixty little first graders eagerly waited for the opening of school in September. When so many little folks came the class had to be divided. About forty stayed in a straight first grade room under supervision of Elsie Wilson.

Miss Emma Wendt took the other first graders and about twenty second graders.

The third grade was also too large for one room so part of them were placed in the room with the other half of second grade with Vera Tillman as teacher.

Most of these little folks are still with us and striving hard to reach the goal of promotion.

A SMALL TOKEN OF SPRING AND SUMMER

The dark blue sky in the heavens
The green earth below.
The tall trees around us
Make a picture untold.

The peach tree in its pink gown
The apple tree in white
The little flowers in the ground
Are peeping through for light.

The birds are coming here again
For a nest to build.
In the branches of the swaying trees
The young will be held.

This is all a small token
Of what spring and summer really are;
For God has put many such
Beauties as these are.

Irene Strauss, Seventh Grade.

Jokes

Glen: Who was Harriet B. Stowe?
Mr. Croft: Look it up in the World Book.
Glen: (After reading about Harriet B. Stowe) I got him now.

—o—

Goodwin: What kind of a boy is Dean?
Ray: He's the kind of a boy that always grabs the stool when there's a piano to be moved.

—o—

Margaret: "Where were the first doughnuts fried?"
Miss Van Tries: "Give it up."
Margaret: "Why in Greece."

—o—

OTHERS HAVE DISCOVERED IT

"Some of the greatest discoveries of the ages," said Mr. Croft, "have been the result of accidents."

"I can readily believe that," said Edna, "I once made one myself."

Mr. Croft blinked in his amazement. "May I ask what it was?"

"Certainly," replied Edna, "I found that by keeping a bottle of ink handy you can use a fountain pen—without all the trouble of filling it.

—o—

Caller: "Is Miss Van Tries here?"
Clinton M.: "No, sir."
Caller: (surprised) "Where is she?"
Clinton M.: "Don't you know, sir? Miss Van Tries is going to be married, and she goes to school every afternoon to take lessons in domestic silence."

—o—

Bob: "Say, Thelma, you look like Aunt Eppie Hog's sister."
Thelma: "You must be the Halfwit."

———o-o———

Freshman Theme

The goose is a low, heavy-set animal, composed mostly of meat and feathers. His head sets on one end and he sets on the other. He cannot sing much on account of the moisture in which he lives. He carries a toy balloon in his stomach to keep from sinking. A goose has two legs, and they set so far back on his running gear that they came pretty near missing his body. Some geese, when they get big, are called ganders. Ganders don't have to set and hatch, but just loaf, eat, and go swimming. If I was a goose, I'd rather be a gander.

Miss Jordan came to school one day with her head all bandaged up.

Miss McDonald. Goodness, what on earth happened to you Miss Jordan?

Miss J. I went to an orchestra practice last night and the leader banged me over the head with his violin.

Miss M. Goodness gracious, it's a good thing he didn't play a piano.

Miss Davison. Do you really think sardines are healthy?
Grocer. Well, madam, I never heard one complain.

—o-o—

A river has a head and a mouth, but no feet. A mountain has only one foot, but it has no ears. Oh, yes; a mountain has ears. You've heard of mountaineers, haven't you?

—o-o—

Wilbur read from his history: "William the Conqueror landed in England in A. D. 1066.

"What does A. D. stand for?" inquired Miss Shields.

Wilbur pondered. "I don't exactly know," he replied at last. "Maybe it means 'After Dark'."

STUDENT ACTIVITIES

The Student Activities during the past year have become increasingly important in our high school. These are first to give students training in the extra curricular activities. All such are self-supporting and return a certain profit to the school.

A careful accounting system is kept in the school office and all profits accruing from such activities are used to purchase permanent equipment for the school.

During the past several years the school has purchased a number of large pictures and two pianos from the *Emahizer-Spielman Furniture Co.* One of the pianos has been paid entirely out of the Activity funds.

The Student Activities has also paid for twenty-four steel lockers for the athletic department purchased from the *Peabody School Furniture Co.*
